RECRUITMENT

- 3 LCs didn't achieve Talent Plan (Antalya, Eskisehir, Kocaeli)
- Only 1 LC achieved 100% Talent Plan (Izmir) BRAVO!!!
- The rest of LCs overachieved plan which is not recomendable in Talent Plan realization.

We rejected 1018 people after application
which is 41% of applicants

We rejected 704 people interview which
means we accepted 49% of interviewed
people

89% of recruited people attended induction

Average induction duration was 4 days

COMMENTS

- LDM based recruitment was easy to understand
- There was enough education
- Smooth implementation
- Good conversions rate (about 50% at every stage)
- Shortened induction
- Better members allocation in oGIP, iGCDP and oGCDP

- Promotion should start earlier
- Questions should be revised to be more selective
- Induction agenda can be more flexible
- Overachieving Talent Plan - buffer members
- Too much people allocated in iGIP and BD (especially BD) - 259 members

Thank you!
